- A. To hear and decide appeals where it is alleged there is error in any requirement or determination made by the Authorized Official of the City of Beresford in the enforcement of this Ordinance.
- B. To hear and decide upon petitions for variances to vary the strict applications of the height, area, setback, yard, parking, or density requirements as will not be contrary to the public interest. A variance shall not be allowed to vary the use regulations.
- C. To hear and decide only such conditional use permits as the Board of Adjustment is specifically authorized to pass on by the terms of this Ordinance; to decide such questions as are involved in determining whether conditional use permits should be granted; and to grant conditional use permits with such conditions and safeguards as are appropriate under this Ordinance, or to deny conditional use permits when not in harmony with the purpose and intent of this Ordinance and the comprehensive plan.

17.03 Appeal Procedure

Any person or persons, jointly or severally, aggrieved by any decision of the Authorized Official, may present to that Official, a notice of appeal, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. The notice of appeal shall be filed with the Authorized Official of the City of Beresford, who shall transmit to the Board of Adjustment all information and records concerning the appeal. 17.04 Variances

The Board of Adjustment shall have the jurisdiction to hear and decide upon petitions for variances to vary the strict application of the height, area, setback, yard, parking, or density requirements as will not be contrary to the public interest. For purposes of this Ordinance, public interest shall include the interests of the public at large within the City, not just neighboring property owners. At all times, the burden shall be on the applicant to prove the need for a variance. The following issues are to be considered, each and all of them, as determining factors in whether the issuance of a variance is justified:

- A. An unnecessary hardship must be established by the applicant who applies for the variance. For purposes of this Chapter, an unnecessary hardship is a situation where, in the absence of a variance, an owner can make no feasible or reasonable use of the property. Convenience, loss of profit, financial limitations, or self-imposed hardship shall not be considered as grounds for approving a variance by the Board of Adjustment.
- B. Literal interpretation of the provisions of this Ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this Ordinance.
- C. The variance requested is the minimum variance that will alleviate the hardship.
- D. Granting of the variance will comply with the general purpose and intent of this Ordinance, and will not be offensive to adjacent areas or to the public welfare.
- E. No nonconforming use or structure in the same district and no permitted or nonconforming use or structure in other districts shall be considered grounds for the issuance of a variance.

- F. Exceptional and extraordinary circumstances apply to the property that do not apply to other properties in the same zone or vicinity and that result from lot size or shape, topography or other circumstances which are not of the applicant's making.
- G. In order to preserve the intent of these Zoning Regulations and to protect the public interest, the Board of Adjustment may attach conditions to a Variance. A Variance shall remain valid only as long as the property owner complies with any terms and conditions of the Variance, as attached by the Board of Adjustment.
- H. An Application for a Variance, available from the Authorized Official of the City of Beresford, shall be completed by the landowner requesting the Variance. Completed applications shall be returned to the Authorized Official for review. To be considered completed, the application shall contain the following information:
 - 1. Legal description of the land on which such variance is requested, together with local street address;
 - 2. Name and address of each owner of the property;
 - 3. Name, address, phone number and signature of the applicant;
 - 4. Zoning district classification under which the property is regulated at the time of such application;
 - 5. Description of the variance sought from the Zoning Regulations;
 - 6. Be accompanied with a site plan, unless waived by the Authorized Official.
- I. The Authorized Official shall review the application, and shall make a recommendation to the Board of Adjustment to either approve or not approve said application. The Authorized Official's recommendation shall include a summary of the application, and the reasons and justification for either approval or disapproval of the application.
- J. The Authorized Official shall set the date, time, and place for a public hearing to be held by the Board of Adjustment. The Authorized Official shall notify the landowner by mail, and shall post notices of the public hearing at the City Office and on the property affected by the proposed Variance no less than seven (7) days prior to the scheduled public hearing. No less than ten (10) days before the public hearing, the Authorized Official shall publish notice of the public hearing in a legal newspaper of the city.
- K. The public hearing shall be held. The applicant may appear in person, by agent, or by attorney. Minutes of the public hearing shall be recorded and kept in the records of the Board of Adjustment. Written findings certifying compliance with the specific rules governing the action considered at the public hearing shall be completed by the Board. The

concurring vote of two-thirds (2/3) of the members of the Board of Adjustment shall be necessary to approve any variance request.
