Subject: Local Legislator Outreach Needed on Housing Infrastructure Investment Fund Legislation SB 41

Good Afternoon SDML Legislative Updaters,
Our first big outreach push of the 2023 SD Legislative Session is here. Senate Bill 41, the Housing Infrastructure Investment Fund bill, passed out of Senate Commerce and Energy Committee this morning with an 8-1 favorable vote. This bill cleans up the confusion from 2022 legislation sending \$200 million to the SD Housing Development Authority, specifically the Housing Opportunity Fund, with \$100 million dedicated to an infrastructure revolving loan fund and \$100 million dedicated to provide grant funds for the same cause of which \$50 million is state ARPA funding and \$50 million is state one time funds. All of that funding has been held up due to confusion in legislative intent of the 2022 bill and allowable use of funds within the HOF due to US HUD regulations. Senate Bill 41 cleans up this issue by creating the Housing Infrastructure Investment Fund at SDHDA and bypasses any concern about HUD regulations. Senate Bill 41 will help us get this funding available as soon as it is passed which may happen extremely quickly. Tomorrow, the full Senate will take up the bill and hold a floor vote to move SB 41 to the House.

We have much less confidence in the House voting than in the Senate and are asking each of you to reach out to your local legislators to affirm our position that Senate Bill 41 is vitally necessary to assist South Dakota communities to plan and develop infrastructure to address critical housing shortages across the state. I am including our letter narrative on this effort below for your use to reach out and express your community's support for Senate Bill 41 and requesting their supportive vote at committee and floor votes. Your voice is by far our best tool to get this program across the finish line, lets get this done!

Best Regards,

We are very interested in improved housing opportunities in our city. To that end, we support , SB 41 which leaves the \$200 million appropriated during the 2022 session with the SD Housing Development Authority. In addition, we support making sure the funds can be used for all types of housing, determined by local need, and that the funds be used to pay for infrastructure to help reduce the costs of building workforce housing.

We support the provisions that allocate 70% of the funds to cities under 50,000 in population and believe that the deal made with the Governor in 2022 of having \$100 million (\$50 million federal, \$50 million general) for grants, and \$100 million for low interest loans, is the best way to make lasting use of these funds.

Please support legislation to make sure the provisions enacted in 2022 are clarified and we can get this funding out and working in our cities and towns.

Thank you for your consideration.

Dear Representative Jensen,

We are very interested in improved housing opportunities in our Beresford. To that end, we support, SB 41 which leaves the \$200 million appropriated during the 2022 session with the SD Housing Development Authority. In addition, we support making sure the funds can be used for all types of housing, determined by local need, and that the funds be used to pay for infrastructure to help reduce the costs of building workforce housing.

We support the provisions that allocate 70% of the funds to cities under 50,000 in population and believe that the deal made with the Governor in 2022 of having \$100 million (\$50 million federal, \$50 million general) for grants, and \$100 million for low interest loans, is the best way to make lasting use of these funds.

The City of Beresford and Beresford Housing Redevelopment Corporation applied for grant funding last year to help assist with the development of 18 acres of ground that would provide 50 building lots for low to moderate income families. With infrastructure and land costs at the highest levels ever these funds are needed so that we can move forward with this development.

At the present time there are 2 lots available for sale in Beresford. Developers are not looking at small towns outside of the larger metro areas so as a community we have to look at different approaches so the City and Housing Redevelopment Commission have partnered together to make this development a reality.

Please support legislation to make sure the provisions enacted in 2022 are clarified and we can get this funding out and working in our cities and towns.

Thank you for your consideration.

**Beresford Planning Commission
January 9, 2023**

The Beresford Planning Commission met in the Beresford City Council Chambers on Monday, January 9, 2023 at 6:30 pm.

Members Present: Chet Borah, Larry Bork, Brad Muller and Stan Peterson

Members Absent: Lenny Hofer

Also Present: City Administrator Jerry Zeimetz

Bork called the meeting to order at 6:30 pm.

Minutes: The November 14, 2022 minutes were approved on a motion by Peterson, second by Muller, all present voted aye.

Old Business: An update on building permit #202205 at 506 SW 13th St. was provided by building inspector Roan. Roan advised that a combination of the rapid rise in the cost of materials along with an inability to find enough help have slowed the project. Brian Burge anticipates that he will have the entire house completely enclosed by Christmas.

The property on 1005 Cottonwood previously owned by Jean Saugstad has been purchased by the Beresford Economic Development Corporation. They intend to sell the double wide trailer and garage and have them removed. A complete basement and septic system will need to be removed. There is no timeline for development of the property for additional housing at this time.

New Business: The commission was advised that Ordinance 2022-04 amending the Beresford Zoning Regulations was approved by the Beresford City Council on December 19, 2022. The effective date is January 17, 2023.

The commission discussed potential penalties, charges and other expenses for noncompliance following the expiration of a building permit. Items discussed included:

1. Any permit that has expired after 12 months and received an additional 6-month extension would have to pay the full permit fee every 6 months until complete.
2. Another option would be to double the renewal fee after the original 6-month renewal.
3. They would like to be able to have some discretion on each case due to varying circumstances.

Permit Applications: On a motion by Muller, second by Peterson the following building permits were approved. Motion carried.

202287 – Dan Klein for ProForm Fabrication, Burwell Enterprises, 100 Quality Park Dr., Office space remodel and construction of new men and women toilet rooms, \$110,000

202302 – David Shearer, 111 N. 6th St., repairs to foundation and egress window, \$25,000

Discussion Items: Zeimetz presented the 2022 Building Permit report showing a total of 87 permits issued with a value of \$3,812,308.

With no further business a motion was made by Borah second by Muller to adjourn at 7:10 pm.
Motion carried.

2022 Fire Department Year-end Report

Reviewing the past year (2022) there has been an increase in the call volume for Beresford Fire & Rescue (BFD). The fire and rescue personnel responded to one hundred and twenty-two 911 calls for their service. There were also 28 non-recorded calls. Making the call total of 150 calls. Other department events include fire prevention public services. Training drills, classes, and curriculum studies. Inspections and permitting of building plans and city infrastructure. Code enforcement and emergency management duties and preparations.

The operations as well as funding are self-administrated. Tax based funding is geographical based. BFD protects approximately 390 square miles of rural area located in parts of three counties (Clay, Lincoln, and Union) including the city of Beresford. The department depends on donations to cover operational shortfalls, equipment replacement or additions. BFD is the community's fire department, it is city based and provides protection to both the city and rural areas of Beresford.

BFD is staffed by up to 40 trained certified members. The leadership of the department is the Fire Chief and two Assistant Chiefs. The supervisory staff consists of Captains and Lieutenants together with a Secretary and a Treasurer. The operations and responsibilities are in line with the department charter, state and local guidelines and fire service national standards (NFPA). The department workforce is 100% volunteer and are not compensated for any obligations, training, or fire department functions. Members may be periodically reimbursed for personal losses while performing operations if the funds are available.

The fire department holds an ISO rating of 5 and have a commitment to reach a level of a 4. The ISO rating is a bases for insurance premiums. A lower ISO rating number is most favorable.

BFD is supported with the following vehicles:

Continued from page 1

There are many key pieces of equipment on the vehicles. These tools and life saving equipment must be made of very good material, construction, and workmanship. With our large protection area and 23 miles of interstate (I-29) most things must be duplicated and placed on different vehicles.

We have actively been replacing gasoline and line type electric powered equipment with common battery powered portable equipment. We are 80% green powered currently. The equipment upgraded was all up for replacement or it was a new addition to our critical extrication equipment inventory.

We have completed the staggering replacement of all the bunker gear and will now place that gear as an essential replacement item in a bi-annual budget line.

All the radio equipment has been replaced with new P-25 radios as mandated by the State of South Dakota. Our radios were no longer being supported by Motorola and over 15 years old. The estimate cost of the replacement project was \$50,000.00. We secured a Homeland Security Grant covering \$38,000.00 of the project leaving \$12,000.00 for our share.

There were no reportable injuries and no workmen's comp claims during the year of 2022.

The largest cost for vehicle repair was from hydraulic repairs to the 2 city units. Unit F-2 and F-2A. These repairs were due to aging. Replacement parts were not available, so some re-designing was implemented to place the units back into service. General maintenance and normal operational wear and tear were average for the year.

Membership is constant, with a few replacement firefighters in training for those that have retired or moved. We are currently at 38 members with 2 applications pending.

2022 call volume stands at 150 calls of which 49 calls were fire related. Medical related calls amounted to 44. There were 29 mixed response calls making a 911 dispatch call-out total of 122 logged calls. Service calls amounted to 28 responses rounding out the total of 150 calls.

Estimated involved property value = \$1,750,000.00

Estimated Loss = \$400,000.00

Approximate Man-hour Cost \$242,560.00*

BERESFORD FIRE AND RESCUE

Volunteer Efforts / Professional Results

State of the department.

January 1, 2023

"The fire department constantly is moving in a forward and growing direction. All calls are answered in a timely safe manner with well-established trained personnel. Answering calls with above average equipment, expertise, and resources."

Funding on hand meets current needs and budgetary operations. Reserve capabilities are inadequate for vehicle or major equipment replacement. Grants are always applied for when possible but positive results are very competitive. Local governmental support varies with resourcefulness and may not be appropriate with pending obligations. Loans from lending institutions have been used successfully in the past for amounts of under 35% of the project.

Moderate Concerns:

Day to day operations, none.

Responding personnel: there is a growing number of members that are working out of town during the day which does not make it possible for that member to respond to daytime events. The work week is not 8am to 5pm Monday through Friday anymore. That can have a positive / negative effect also. Commitment time for firefighting activities has been to a lesser extent due to more personal commitments.

Adding more people to the department is not a positive option currently.

Currently mutual aid is in place if the need arises.

On-going Concern:

Aging of the 2 city units.

F-2A (1988) is 35 years old and F-2 (1989) is 34 years old.

Submitted respectfully

Tary Mullinix, Chief Beresford Fire and Rescue
