Beresford to Launch New Housing Development to Support Growth and Affordable Living

Beresford leaders are excited to announce the City Council's approval for a new housing development designed to enhance our community, add affordable housing, and support Beresford's growth. We're taking proactive steps to ensure our town remains a welcoming, vibrant place where everyone can find a place to call home.

Why This Development Matters

Beresford is a close-knit community with a rich history and a bright future. Over the past few years, we have seen a growing interest in our town as more people discover the benefits of our small-town charm combined with our community's commitment to development and opportunity. As demand for housing increases, it's important that we plan for thoughtful growth to meet the needs of both current and future residents.

This development represents our commitment to ensuring that housing options in Beresford are inclusive, with affordability as a priority. Affordable housing not only benefits individuals and families but also strengthens our local economy, increases workforce availability, and adds to the vibrancy of our town.

Project Highlights

- Affordability and Accessibility: The development will prioritize affordable housing
 options to ensure accessibility for a diverse range of residents, from young families to
 retirees.
- Planned Growth: The layout and infrastructure will support sustainable, managed growth while preserving the character that makes Beresford special.
- Community Engagement: Throughout the project, we'll actively seek input from residents to ensure the development aligns with community needs and values.
- **Economic Impact**: New residents bring new business opportunities, which will benefit our local economy, foster job creation, and enhance community resources.

What's Next?

In the coming weeks and months, the city will hold informational meetings where citizens can learn more about the project, ask questions, and share their perspectives. We value transparency and want every resident to feel informed and engaged in this development process.

As we embark on this journey, I encourage all citizens to stay involved and share their ideas. Together, we're building a future that supports the diverse needs of our growing community. This is an exciting step forward, and I am proud to work alongside the City Council and all Beresford citizens to make our town a better place for all.

Stay tuned for updates through our official city website and social media channels. Let's continue to make Beresford a place we're all proud to call home!

Jerry & Elaine:

For your Council meeting Monday night, attached are the award letter and bid tabulation for the Beresford Sanitary Sewer Improvements - 2024 Project.

Please note that is the Council chooses to award the contract to Musson Brothers, Inc., they should make their motion contingent on DANR concurrence.

For our submittal to DANR, we will need you to provide the affidavit of publication for the Advertisement from your newspaper and a copy of the minutes from the Council meeting where award was made.

As you know, this is the last of the ARPA funded projects the City is undertaking and it appears there are current funds available to add work to this project if the Council has interest.

The overall sewer funding Beresford received in 2022 was \$14,436,000 broken down as follows:

ARPA - \$5,177,347

SRF Loan - \$ 9,258,653

We need to refine / review these numbers, but currently about \$12,660,000 of the funding is allocated to contracted work.

There is potential that the remaining funds (over \$1.7 million) could be used to fund additional sewer lining.

Do you think the Council would be supportive of expanding the scope of the CIPP project through a change order with Musson Bros to use these funds?

Let me know what you think and if you want to bring up at the Council meeting.

I am available to attend Monday night if you would like me to be there to answer any questions – just let me know.

Please let me know if you have any questions. Thank you!

Jerry:

Attached hereto is one (1) copy of the Certified Bid Tabulation for the Beresford Sanitary Sewer Improvements-2024 Project. Bids were received and opened on October 29, 2024 for the unit price base bid project.

Documentation submitted with the Bid appears to be in order. Musson Bros., Inc. is the low, responsive, responsible Bidder for the Council to consider for award of the Project.

If the Council chooses to award the Contract, they should do so contingent on DANR concurrence / approval.

We look forward to our continued work on this project. If you have any questions, please do not hesitate to contact our office.

October 21, 2024

Dear Valued Member,

It is that time of year when we reach out regarding our programs and services—in this case the Safety Management program—to confirm your participation for the upcoming year. We very much appreciate the opportunity to partner with you and hope to continue to serve you for many years to come.

If you attended our in-person review meeting in the spring or participated in our Zoom listening session last month you may recall that each year the MMUA Board of Directors reviews and approves MMUA's fees. For 2025, the Board has approved a 3.5% increase which is roughly commensurate with the inflation rate.

Last year you signed an updated Safety Management Service Agreement (copy included). That agreement remains in effect and will automatically renew on December 31. Following the issuance of that agreement, we heard from some members who noted the agreement did not offer a clear exit clause at any point other than at the end of each year. To address this unintentional oversight, we have prepared an Addendum to the agreement which is included in this email. Please sign and return the Addendum no later than December 15.

Now is a good time to review the level (tier) of service you are enrolled in, as noted in your agreement. If you wish to change tiers or add additional days within a tier, please let us know as soon as possible so that we can make the necessary adjustments to both billing and service by January 1, 2025.

For your convenience, we have also included a copy of your certificate of insurance. If your insurance binder has expired, please send us a copy of your current certificate naming MMUA as a certificate holder (see the box in the lower left corner).

One final item to note, our office has moved. Our new address as of October 14 is: 600 Highway 169 South, Suite 701, St. Louis Park, MN 55426-1200.

As always, we appreciate your prompt response. Please contact us if you have any questions.

Sincerely,

Mike Willetts
